FOR IMMEDIATE RELEASE

Jan. 28, 2008

Colorado Street bridge reconstruction restricts traffic to sharing one lane

Restriction scheduled for Jan. 29 through summer 2009

GARY, Ind. – The Indiana Department of Transportation (INDOT) announces that Jan. 29 through summer 2009, traffic on the Colorado Street bridge over I-80/94 will be restricted to one lane as directed by temporary traffic signals. This will allow reconstruction of the bridge to take place. This work is part of the Major Moves New Construction Interchange Modification project at I-65 and I-80/94 (the Frank Borman Expressway).

During this traffic configuration, the intersection of Colorado Street and 26th Avenue will be closed. Traffic will be able to access 26th Avenue via 25th Avenue and River Park. INDOT reminds drivers to use caution and consider worker safety when traveling through a construction zone.
